A. SERVICES FOR VESSELS CALLING

1. SHIP-GENERATED SCRUBBER WASTE

A charge for reception of waste from ships will be made in accordance with Swedish legislation and Swedish Transport Agency regulations (TSFS 2023:15).

Scrubber waste For scrubber waste left in the Port of Piteå the actual cost to the contracted waste recipient will be charged plus an administration fee of SEK 750.

2. FRESHWATER

Freshwater	Price
Per tonne or part thereof	SEK 50
Minimum charge per delivery	SEK 910
Connection charge	SEK 1280

In the case of water supply outside normal hours of work, an additional hourly charge for personnel will be made in accordance with D.5. In the case of abnormal interruptions to water supply to the port, a charge will be made for the actual additional costs.

3. ELECTRIC POWER

Energy consumption will be charged at actual cost plus a 10% surcharge. There is an additional hourly charge for connection of electric power in accordance with D.5.

* Applies to all types of electricity consumption within port operations unless otherwise stated.

4. SERVICE BOATS

	Price per hour
Service boats	SEK 1328

Service boats must always be operated by two persons from the port personnel. A charge for personnel costs will be made in addition to the service boat fee, in accordance with D.5.

5. ENERGY TERMINAL SERVICES AND OTHER SERVICES

Energy terminal services and other services	Per person
Normal working hours (weekdays 7.00 am to 3.30 pm)	SEK 783
Other times except major public holidays	SEK 1449
Major public holidays by agreement	SEK 1890

Energy terminal personnel work 12-hour shifts (start of shift 7.00 am and 7.00 pm). A deferred start of shift must be approved by the port.

6. TUG ASSISTANCE

Restrictions for tug assistance at the Port of Piteå can be found on the National Maritime Administration website:
https://www.sjofartsverket.se/sv/tjanster/lotsning/lotsomrade-lulea/lotsbestallning

Tug assistance is offered during the ice season (1/1 to 15/4). During that period there is a tug at the quay for ice-breaking of the port's fairway. A charge will be made for towing in the fairway up to the quay and for berth shifting at the quay according to a price list. During other times of the year the supplier of tug assistance should be contacted directly.

7. BOATMEN AND MOORING SERVICES

7.1 Boatman services

GT	In -on working hours Out -on working hours	In -on working hours Out -on overtime	In -on overtime Out -in working hours	In -on overtime Out -on overtime

A siding fee for unities parked on all managed tracks will be charged after three days counting from date of arrival.

SEK 58/day and car

F. STORAGE OF GOODS

9. RENTAL PROVISIONS

9.1 **General rental provisions**
Rent is charged for temporary storage, putting into store and parking of goods in accordance with F 9.2

Seven days of free storage will generally be given for arriving and departing goods handled in a designated space within the logistics area. One day is counted from midnight to midnight. Started months and parts of months will be charged as whole months.

For goods that over time occupy a fixed area, rent will be charged in accordance with F 9.2. Covered space will be provided subject to availability.

Reserved storage areas at the start of the period, including additional areas such as protection zones, driving routes and barrier equipment, forms the basis of charging.

Pads, reinforcements, support plates or similar are required for goods that impose a load of more than 10 tonnes/m² (100 kN/m²) on the ground. A separate charge will be made for this.

The tenant of the storage area must bear the cost of and provide the following:

- Cleaning and tidying during and before the due date of the rental period.
- Necessary winter road maintenance for unloading, loading, storage, etc.
- Normal operational measures for the tenant's cargo handling (sweeping, dust control, etc.)
- Insuring of stored goods

Piteå Hamn AB cannot be held liable for damage, loss, etc. of stored goods.

9.2 **Price list for storage services**

Temporary storage places, outdoor within the area of operation of the Port of Piteå	**Price in SEK per sqm/month**
Asphalted or equivalent surface	SEK 7.50
Other hardened surfaces	SEK 5.10

Temporary storage places, under a roof within the area of operation of the Port of Piteå:	**Price in SEK per sqm/month**
Without walls ('canopy')	SEK 22.70
With four walls, without heating	SEK 45.30

The following supplements will be added for goods stored for more than six calendar months, counting from the date of arrival:

100% on the storage price after 6 months.
200% on the storage price after 12 months.

9.3 Prices for the Plug-in Terminal

Price for connection but number of outlets including power consumption per TEU space	Price for space/month
2 outlets	SEK 6 415
1 outlet	SEK 3 560

One day is counted from midnight to midnight.
